

BROTHER MOBILE SOLUTIONS, INC.

Providing Printing Solutions to the Mobile Market

PocketJet® 3

PocketJet® 3 Plus

Ultra-Portable Printing for On-the-Go Professionals

A Brother PocketJet Ultra-portable printer is one of the smallest, lightest, and most effective full-page printing solutions you can buy for your on-the-go needs. Whether you use a laptop or a handheld device, the PocketJet will give you sharp text, crisp graphics, and high-quality documents in almost any environment, including extreme temperature and humidity situations.

At barely over 10" long and 1 lb. in weight, the PocketJet fits easily into your briefcase, computer bag, or can be quickly mounted in any vehicle or small work area. To ensure maximum portability, Pentax provides a long-life NiMH battery or optional car adapters that enable even greater mobility.

The powerful, compact, and feature-rich PocketJet printer provides USB cabled or wireless operation. With the standard Infrared Interface or with optional Bluetooth, you can print wirelessly from popular handheld devices. Using advanced Direct Thermal Printing Technology, the Pentax PocketJet eliminates the need for messy and expensive ink, toner, or ribbons. No matter how many pages you print, you'll never run out of ink or increase the cost of your printed page. The PocketJet produces crisp, laser-quality text and graphics and

completely eliminates the hassle of smudged prints.

Combine the PocketJet with Pentax Waterproof Paper and you have weather-resistant printing come rain or shine!

Fewer moving parts, combined with a rugged, durable design, will ensure uninterrupted printing even in the most tortuous work environments. Inside or outside, summer or winter, you'll always be able to print on the go.

Imagine the Possibilities with Portable Printing

With the Pentax PocketJet, you'll enjoy more efficiency, freedom, and mobility than you ever imagined:

- Low cost-per-page
- Fast, full-page printing . . . up to 3 pages per minute
- Nearly unlimited OS compatibility
- Virtually maintenance-free mechanism with very few moving parts
- Ultra-lightweight . . . only 1.12 lb. including the battery
- Free 1-year warranty and unlimited tech support
- No ink cartridges to replace
- Long-life NiMH battery
